

**September 2019**

**CIB Encouraged Journal Call for Abstracts Special Issue**  
**Management, Procurement and Law**  
**The Evolution of dispute avoidance and alternative dispute  
resolution in the construction sector**

The CIB Encouraged Journal Management, Procurement and Law, published by ICE Publishing, invites you for a Call for Abstracts for a Special Issue with the themed issue on the Evolution of Dispute avoidance and alternative dispute resolution in the Construction sector.

Construction disputes by their very nature are often complex, sometimes multi-party disputes, many of which are not suited to either adjudication or traditional form of litigation (these being potentially slow, expensive and divisive). The sheer complexity of construction disputes often leading to expensive, time-consuming and stressful paths being trodden through the traditional resolution terrain creates a compelling case for the introduction of alternative approaches within this adversarial industry.

**Topics**

This themed issue welcomes submissions covering

- Practices in water, wastewater and stormwater asset management
- Asset condition assessment
- Asset-associated data management
- Asset deterioration modelling
- Risk analysis of maintenance and rehabilitation programs
- Financing and economic decision-making
- Software tools for asset management
- Smart technologies in asset management.

**Call for Abstracts**

The deadline for submitting abstracts is **30 November 2019**.
