

**September 2017**

## **CIB on LinkedIn and Twitter**

For some time now CIB has a presence on LinkedIn via its company page on <https://nl.linkedin.com/company/cib-world>

Now CIB also set up a Twitter account at [https://twitter.com/CIBWorld\\_NL](https://twitter.com/CIBWorld_NL)

You can have your tweets included by using #CIBWorld\_nl

In both accounts the CIB Secretariat will include announcements of recently published News articles that are of potential importance for readers beyond the CIB Membership.

Topics will focus on announcements of new international conferences and of new and most often free downloadable research publications that address aspects of construction, infrastructure and building worldwide.
